From 9 to 12 April 2018, from 10 a.m. to 6 p.m and April 13, from 8 a.m to 9 a.m.

Museum reception  
Ctra. de Sant Boi, 4-6  
08940 Cornellà de Llobregat

Contact

For queries, please contact the technical secretariat by email at [waterheritage@agbar.es](mailto:waterheritage@agbar.es) or by phone on +34 933423500.

Anyone registered for the conference can propose a scientific poster.

The participants are responsible for printing the posters and for removing the materials after the conference.

Poster presentations, during the congress are scheduled between 14.30 and 15.00 and 19.30 and 20.00.

The organization will provide the assembly systems and the corresponding panels where they will be displayed.

### **Recommendations**

- The size of the scientific posters must be 100 x 700 cm and the content must be organized vertically. There is a PowerPoint model of the poster which you can adapt to your needs.
- It is recommended to make the poster as clear as possible (with a white background), highlighting the main points of your study.
- The TITLE of the poster must be located at the top in clearly visible letters (a font of 60-80 points stands out and is easy to read).
- Below the title - SUBTITLE - you should indicate your personal details: the author's name, profession, workplace and contact email.
- For the rest of the text, BODY TEXT, it is recommended to use a font size of 24-40 points.
- On printing images, they should be 10 x 15 with a resolution of 300 dpi.
